

Vacancy:

# CONTINUOUS IMPROVEMENT APPRENTICE (Level 4)

Location:

Birmingham B24

## What is HS2?

HS2 is a brand new, low carbon high-speed railway critical in supporting the UK's economic growth and tackling climate change. It will provide much-needed rail capacity and is integral to increased economic growth – helping to improve connectivity, create jobs and support the UK economy. Construction of HS2 is underway and the project is already supporting thousands of jobs and businesses around the country.

## Role Purpose:

As a Continuous Improvement Apprentice you will be part of the Innovation and Transformation Team who are responsible for identifying, leading and supporting process improvement initiatives across the project.

## Accountabilities

There will be a wide range of duties including:

- Identifying opportunities for improvement through process analysis, data evaluation, and stakeholder collaboration.
- Undertaking a 'requirements gathering' process to support the development of digital systems which support our construction activities.
- Leading and supporting on both Continuous Improvement and Digital Transformation projects.
- Collaborating with project managers, site engineers and other stakeholders to gain insights into the factors influencing project performance.
- Supporting the on-going management of 'My Contribution', which is the BBV staff suggestion scheme, and strive to deliver a strategy, engage staff, and implement projects.

## Skills/Experience:

The following skills and experience are required:

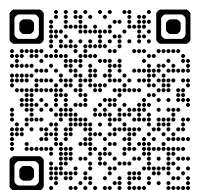

- Excellent IT skills with a good working knowledge of Microsoft 365 including Excel, Word and PowerPoint.
- Excellent verbal and written communication skills.
- Ability to work collaboratively with cross-functional teams, carefully managing responsibilities and interdependencies.

## Apprenticeship Overview

- Apprenticeship Standard: Level 4 Improvement Practitioner
- Apprenticeship Length: 14 Months
- Entry Requirements: GCSE Maths and English at Grade C/4 or above.
