

Vacancy:

# QUANTITY SURVEYOR APPRENTICE (Level 6)

Location:

Birmingham

## What is HS2?

HS2 is a brand new, low carbon high-speed railway critical in supporting the UK's economic growth and tackling climate change. It will provide much-needed rail capacity and is integral to increased economic growth – helping to improve connectivity, create jobs and support the UK economy. Construction of HS2 is underway and the project is already supporting thousands of jobs and businesses around the country.

## Role Purpose:

As a Quantity Surveyor Apprentice you will play a key role in the pre-construction process to make sure that our tenders are accurate, achievable and profitable. You will play an integral part in making sure that the construction project is completed within its projected budget.

## Accountabilities

There will be a wide range of duties including:

- Renewing and understanding the Instruction to Tender, Works and Site Information
- Producing Bill of Quantities in a recognisable industry format.
- Building up first principle costs to undertake the construction of the project using industry leading software such as Candy and Conquest.
- Identifying and selecting specialist contractors and reviewing their costs.
- Working with other key team members to identify temporary works, value engineering and preliminary items.

## Skills & Experience

The following skills and experience are required:

- Excellent communication skills, both written and verbal.
- Excellent literacy/numeracy skills.
- Commitment to the business and future development in the role.
- Self-disciplined with an ability to work autonomously and as part of a team
- Strong IT skills.

## Entry Requirements

- 3 A-Levels/BTECs or equivalent at grade C or above.

## TO APPLY:
